Transvaal and Free State to Be British Crown Colonies.

MILNER FOR HIGH COMMISSIONER

Meantime the British War Office Gives Out Cheering News From the Seat of War, While the Boers Tell of Victories For Their Side.

London, June 13 .- It is learned by press representatives that the government has at last decided upon a plan for the civil settlement of South Africa. The details are kept most secret. but it can safely be said that the Orange River colony and the Transvaal will become crown colonies, the latter probably being renamed the Transvaal colony. Sir Alfred Milner, it is declared, is to be high commissioner of South Africa, in spite of the opposition he has incurred. The crown colony form of government can best be understood by reference to the system in vogue in the West Indies, Sierre Leone and Ceylon. Endeavors will be made to put this in force as soon as possible in the Transvaal and Orange River colonies, though it is scarcely expected that the details will be announced or some parts of the work to begin for a few months. It is believed, though it cannot be verified, that a portion of the Transvaal will be partitioned off to Natal.

Two pieces of news encouraging to the British in the official dispatches are that the broken communications of Lord Roberts are in a fair way to be mended by the forces moving northward and southward and driving off he roving commandoes, and that Sir Redvers Buller is at last master of Laings Nek. Telegraphic communication with

Lord Roberts is expected to be restored today, as a dispatch from Bloemfontein, dated yesterday, says that the is going on rapidly with the abundant material warehoused at Bloemfontein. From the subjoined telegram it would appear that Gen. Hunter was in

command of the troops referred to by Gen. Kelly-Kenny in his dispatch from "Bloemfontein, June 12: Gen. Hunter is coming up rapidly from the northwest, having severely defeated a large commando of Boers, who had destroyed two miles of railway north of

President Kruger believes that the British make these offers to close the war on the principle that it would cost less than to fight it out.

The war office casualtiy returns up to June 9 aggregate 23,664, besides 792 officers and 12,355 men sent home as invalids, but not including the sick in South African hospitals.

Schley Not a Candidate. Philadelphia, June 13.—The Times publishes a letter from Admiral Schley regarding the talk of putting him on the ticket with Bryan as a candidate for vice president. He says: "Under no circumstances would I allow the use of my name before any convention for any office whatever. I have passed the age when presidential or any other kind of bees worry me. I know noth-ing of the duties of any political office, and am fully content to live the years yet left me in quiet retirement from the turmoil of any office. I must plead unfitness absolutely, and am resolved irrevocably not to accept any nomination if it were tendered, and if in my absence I should be elected I would not serve."

Books for Summer Reading. "Oh, dear!" said Mrs. Parkington, as she began making plans for her sum-mer campaign, "I wish I knew just what books to take. I haven't room 'to have and to hold' all of them, nor time to devour that mess of Red Pottage and hardly to finish my 'Day's Work.' I wonder if George would like me to take "The Gentleman from Indiana' along? He might say 'Venge-ance Is Mine.' However, he can hardly object to the "Little Minister.' I must put in a Bible and prayer book. I wonder what he'd like to take for himself? There he is. I'll ask him." Which she did.

"There's one I've got to take," said George, "and it won't do to put it into the trunk. I shall want it along with

Rapid Work.

It is doubtful if there has ever been a composer who could work more quickly than Abbe Perosi, says the New 10rk Herald. A short time ago a large number of pilgrims from Lombardy arrived at Rome under the guidance of Cardinal Ferrari, and on the evening before the day which was fixed for their reception at the vati-can the cardinal called on Perosi, who is a native of Lombardy, and requested him to compose an appropriate piece of music for the pilgrims, as they wished to surprise the pope by giving a musical performance in his presence. Abbe Perosi promised that he would do so. That very night he composed the music; early the next morning he gave the score to the performers and directed four rehearsals. and at half-past 11 o'clock his music was splendidly rendered in the presence of Leo XIII., who was so delighted with it that he sent for the composer and warmly congratulated him.

Perhaps the widest application of the law of heredity is made by an Italian scientist, Dr. Gianelli, says the The Woman's Baptist State Educa-tional Convention of Virginia, will meet in its Sixth Annual Session, June 21st, 22od, 23rd and 24th in the High Chicago Tribune. Brooklyn, Aug. 15, 1891 — This is to certify that came to New York from Albany. I was a stranger in a strange city, out of work and out of money. I had no luck in anything I undertook, What to do I did not know. A friend advised me to go and see Dr. Shea. I did. He told me the cause of my troubles he took me in and treated me as a brother. Through him I got a good position that very week. I had been to others: they took my money and did me no good. I bless the day I first met Dr. Shea, I would advise all in bad luck, sick or in trouble to go to him at once, Sincerely.

ALBERT AYERS, 2857 Atlantic Ave. South Plainfield, Aug. 15, 1891.—This is to certify that my busband had gone away and been absent two years. I mourned for him night and day. I gave him up as dead.

Hearing of the wonderful things Dr. Shea was doing, I resolved to consult him. He told me my husband was alive and well and where he was; told me he would come home and when. To my joy all of it came we. He is home now, come back like one from the dead. I also wish to say that this month I lost the sum of \$250. I am a poor woman and I was most insane I went to Dr. Shea and he told me I would find it as he told me. I thank God there is a man so gifted in our midst that can help people and tell them what to do.

Sincerely,

Mrs. Mary Miller,

South Plainfield, N. J.

TER'S STATEMENT. I wish to state that one of my parishoners was sick and in trouble for a long time, Mrs. Brown, 37 Gay Street, No one seemed to understand her case. She had several doctors, but none of them seemed to know what was the matter. None could do her any good. It was my duty as her pastor to call and see her. Hearing of the wonderful work being done by Dr. Shea the last few years, I thought I would call and see him myself. I found him a kind sympathetic geutleman. He gave me a wonderful test of his powers; told me to send him a lock of patient's hair, which I did by her daughter.

He told atonce what was the matter and in a short time cured her sound and well. Her family had seemingly been under a cloud. Now all is changed. All are well and prosperous. I can truly and heartily recommend Dr. Shea to all those in sickness or distress of any kind, Rev. William Johnson, Pastor Lebanon Church, Brooklyn.

Do not delay. Diplomas hang in parlors. Is a registered physician. A new remedy for Rheumatism just discovered, not a linament. Hopeless cases and those that others cannot cure solicited to call.
